Yumi Augustine

Bachelor of Musical Arts (Classical Composition); Conservatorium van Amsterdam

To whom it may concern,

Apollonio really helped me grow as a composer through our lessons. He always enthusiastically advised me, no matter if it was about detailed notations or overall composition ideas.

His questions and advice prepared me for entrance exams across the Netherlands and led me to start my bachelor studies at the Conservatorium van Amsterdam.

I really appreciated his energy, and it motivated me to challenge myself.

Sincerely,

Yumi Augustine
